Who Are We Looking for as Clients?

Got someone to refer in mind? Let's talk.
partnerships@peppernode.co

💼 Companies we can help best

- Have a validated product idea or MVP
- Have secured funding or early contracts
- Need to launch or scale quickly
- Lack an in-house dev team or are at capacity

⚡ Challenges they are facing

- No in-house tech expertise
- Local talent shortages
- Pressure to reduce development costs
- Tight delivery timelines
- Complex or unique product requirements

👍 What makes a valid referral

- A new client (not currently in contact with Peppernode)
- A project with a minimum budget of **$10,000** and at least a **2-month engagement**
- Someone else's business — not your own

Who This Program Is For

A current or past Peppernode client

A service provider working with businesses that need tech

A well-connected professional who knows someone we could help

Everyone wins

We designed this referral program to benefit everyone involved.

Your win. Earn commission that scales with every deal and referral.

Their win. Referred clients receive a free Discovery Phase (up to 2 weeks), where we define the project's scope, timeline, roadmap, and budget.

Our win. New client relationships built on trust and shared success.
